

FAASTeam presents:

# **Controlled Flight Into Terrain (CFIT)**

In this presentation we'll discuss Controlled Flight Into Terrain (CFIT) Accidents and recommendations (termed safety enhancements) from the General Aviation Joint Steering Committee - a work group that studies General Aviation Accidents. We'll discuss some Safety Risk Management (SRM) and Technological solutions to the CFIT challenge and, finally; we'll give you some best practices that will help you avoid CFIT accidents.

An Overview:

- Statistically speaking -
- Defining the Topic
- CFIT Accident Causal Factors
- CFIT Accident Case study
- Recommended Safety Enhancements
- Plan B
- Preflight Risk Assessments
- Best Practices

**Directions:** Tan hangar row on the South West Side of the field. Park in the parking area to the North of the hangar row. Please be aware of aircraft on taxiways. The lounge is on the North side of the hangar row.
